EXPERIENCE

Cyber Security Internship, MRIMath, Lebanon

Oct 2024 - Nov 2024

- Identified and addressed key vulnerabilities in the system.
- Used tools like OWASP ZAP, Snyk, and Trivy to scan and secure the system's code.
- Collaborated with the team to improve cybersecurity measures and protect patient data.

Web Development Internship, Brava 360 digital, Dubai

June 2024 - Sep 2024

- Created and customized WordPress themes, including child themes, using Elementor Pro and ACF, while integrating essential plugins for enhanced functionality.
- Gained hands-on experience with WooCommerce, including installation, setup, product management, and order processing.
- Utilized WooCommerce hooks and filters to customize the e-commerce experience, enhancing checkout processes and product display.
- Enhanced on-page SEO practices by optimizing content, using tools like Yoast SEO, and conducting site performance analyses.
- Conducted regular maintenance tasks including updates, backups, and security audits to ensure optimal website performance and security.
- Completed a final project focused on advanced web animations, achieving a performance accuracy through the creative use of ScrollMagic and GSAP for seamless integration and visual effects.

Full Stack Internship, Placement Dost

April 2024 - May 2024

- Create responsive layouts using HTML and CSS, JS frameworks like Bootstrap, Jquery.
- Design and implement RESTful APIs using backend frameworks like Laravel, PHP.
- Design database schemas and define data models based on application requirements.
- Integrate third-party APIs (payment gateways) into the application.
- Set up user registration, login, and password management features.

CERTIFICATE

Cybersecurity Bootcamp, Semicolon Academy

Feb 2024- Mar 2024

- Acquired knowledge and skills to identify logical vulnerabilities within web applications and systems.
- Familiarity with common logical vulnerabilities, such as insecure direct object references and cross-site request forgery (CSRF).
- Developed expertise in implementing effective security measures to protect websites from hacking attempts.
- Demonstrated ability to secure web applications by implementing and checking CSRF session.

EDUCATION

LEBANESE UNIVERSITY

Bachelor of Science Administration, Computer Science

TECHNICAL SKILLS

- PHP
- Object-Oriented-Programming
- CSS
- Familiarity with version control systems (Git)
- WordPress
- HTML
- SQL
- Laravel Knowledge
- JS Knowledge
- Burp Suite

SOFT SKILLS

- Attention to detail
- Problem-solving
- Delivering high-quality code
- Continuous learning
- Critical thinking
- Debugging skills
- Creativity
- Fast and accurate typing

LANGUAGES

- Upper intermediate English
- Native Arabic
- Beginner French
- Beginner Turkish
